Comment:

a. The detailed information on Soviet troops in CHEMNITZ confirms the arrival in the 1te Infanterie kaserne of elements of the ? No. (6th Gds?) AAA Div of the Group of Occupation Forces Germany in September 1949. Component units of the division were transferred to the RUE-SCHNEEBERG area at the same time. The division may therefore be considered as confirmed in the mentioned area up to 23 November 1949. The former 1te Infanterie kaserne had been occupied by component units (tank units?) of the 8th Gds Mecz Div up to the Summer of 1949. These units may have been transferred to the LEIPZIG area upon completion of maneuvers.

b. The other CHEMNITZ kasernes were again occupied by component units of the 8th Gds Mecz Div which returned from the ROEMIGSBRUECK troop training grounds.
